Talking TED @ Home
Thursday, February 11th | 7-8pm | Zoom | Register
Join librarian Cindy Haiken on Zoom to watch and discuss a popular TED talk. Once registered, you will receive an invitation to the Zoom meeting via email on the day of the event. In February, we will watch and discuss Matt Walker’s “Sleep is Your Superpower.”

Mini Tensegrity Table
Take Home Kit | Week of February 16th-20th | Register for a Kit
What is Tensegrity? Per Wikipedia: “Tensegrity, tensional integrity or floating compression is a structural principle based on a system of isolated components under compression inside a network of continuous tension, and arranged in such a way that the compressed members (usually bars or struts) do not touch each other while the prestressed tensioned members (usually cables or tendons) delineate the system spatially.” You may be asking, what does this mean? Essentially, Tensegrity is a style of construction that can make things look like they are magically floating in the air. Learn all about Tensegrity, build your own Mini Tensegrity Table, and see it in action with this STEM kit!

No-Sew Fleece Pillow
Take Home Kit | Week of February 22nd-27th | Register for a Kit
Learn a new technique for creating decorative, braided edge throw pillow covers without a sewing machine. Participants will need to provide their own scissors and ruler.
